

YOU CAN NOT BELIEVE IT!

How's Your Business Going?

# I GROW MY BUSINESS WITH A MERCHANT CASH ADVANCE

## **A product that works with the pace of your business**

When you receive merchant funding, you get a lump sum advance, and in turn remit a percentage of your business's credit card transactions. Therefore, the remittance is tailored to the flow of your business's sales.

## **Merchant funding without limits**

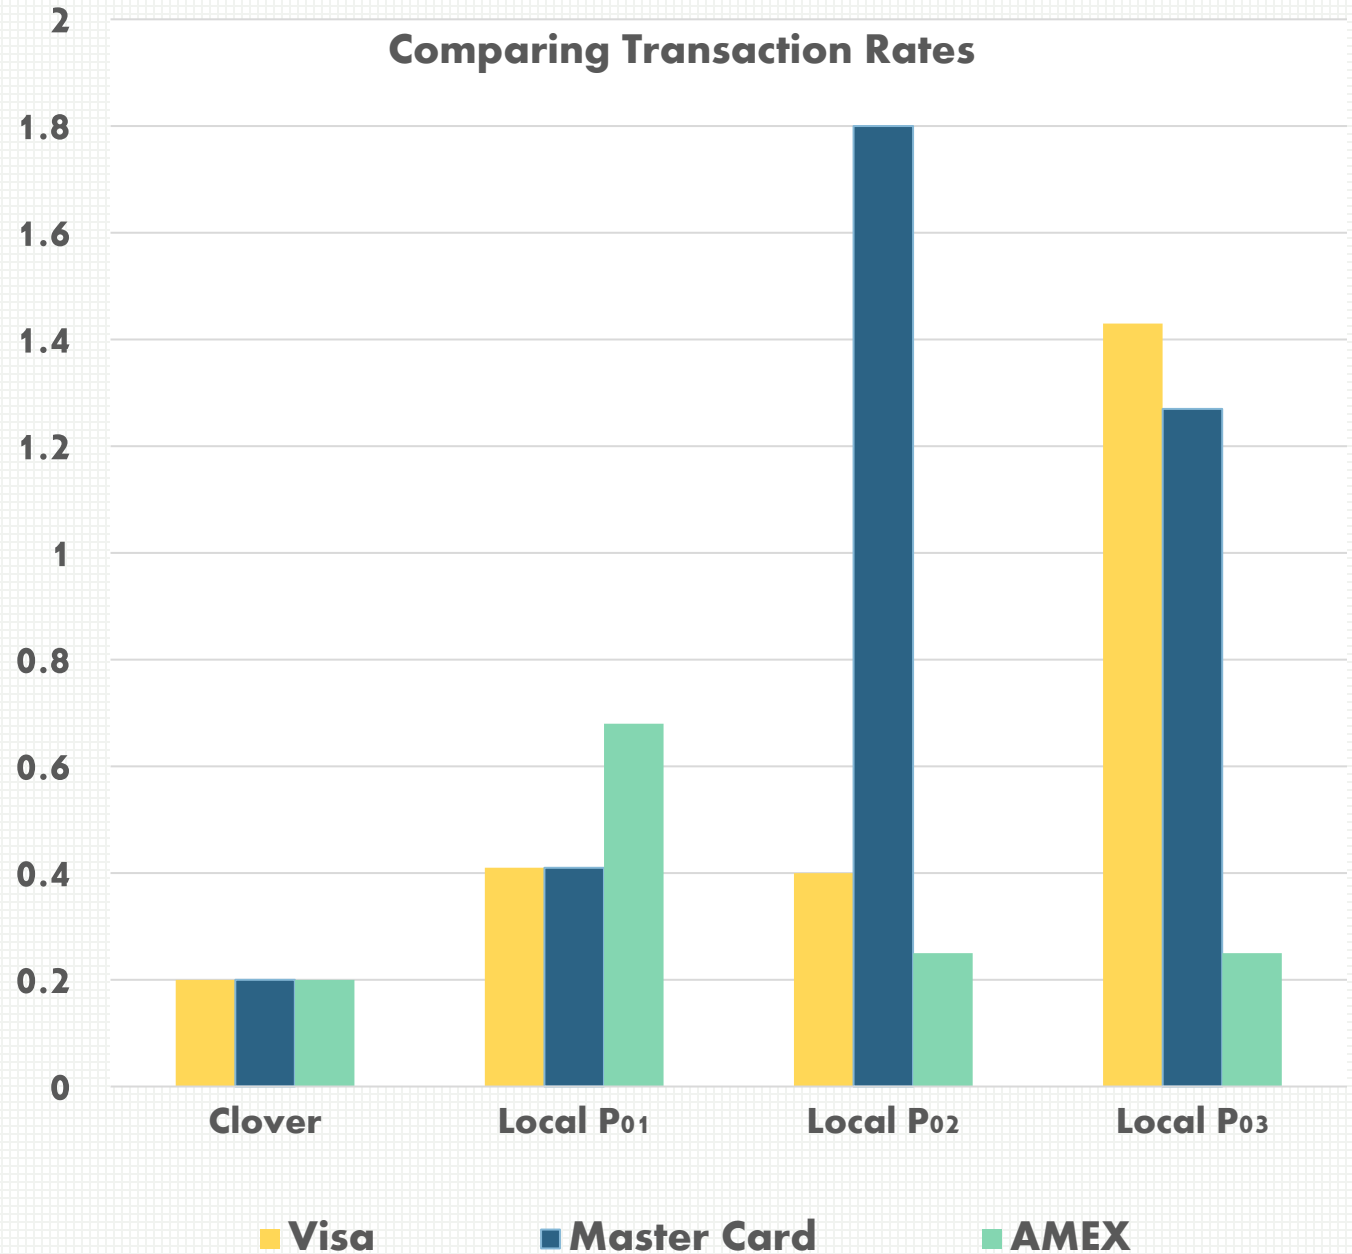

At Kanata Payments, we don't restrict how you use your merchant funding. While your business may benefit from financing for new equipment, another business may need it for payroll. We provide the merchant funding, and you choose how to use it.

## **Support every step of the way**

From completing your application to receiving merchant funding, we'll be there to assist you. If you have any questions, our Customer Support team is available to help. We're dedicated to helping your business succeed!
